

BMW Motor Weekend / Easter Rally

The BMW Club Oirschot & District was founded by a small group of BMW enthusiasts in 1971.

The number of members has grown steadily and today there are \pm 75, most of whom are active. One of the original founding members is still active today.

The small picturesque village of Oirschot is located in the south of the Netherlands, between Tilburg and Eindhoven.

The club organises about between 35 and 40 events per year.

A number of these are particularly aimed at non-club participants such as the BMW Easter Weekend Rally and the Old-timer Run (for BMW's pre 1970 only) which takes place on the first Sunday in May. Besides the one day Sunday runs, indoor events such as bowling in the winter, the club organises camping weekends.

A number of these weekends are being planned for 2014.

Participants who have a preference for sleeping indoors are catered for as well!

This year we will also have a 2 week trip to Ireland in August/September.

So, all in all, a very active club.

So if you are the owner of a BMW motorcycle and this sounds like a club that appeals to you or if you (groups are also welcome) are interested in participating in the BMW Easter Weekend Rally then please contact us.
